What is HED?

Housing & Employment Destinations (HED) is an online tool that helps and guides users through to the various housing and employment options that may be suitable for them.

Completing the HED questionnaire is very simple and can be done in seven simple steps:
- Login/Registration
- Your current home
- Further information
- Work and training
- Financial details
- Additional Support
- Summary

Registering and completing the HED questionnaire will enable users to see which options are available to them along with resources for further information. Please be aware that this Action Plan is generated from the information provided in the HED questionnaire and is customised by the responses given.

The full list of the information destinations through HED is listed below:

- Jobs

**Action Plan**

To gain the full benefits of HED it’s vital that all sections of the online questionnaire are completed as this is what prompts the customised Action Plan to be generated.

This Action Plan will provide in depth information on all the housing and employment options that may be suitable for the user, including the 'Next Steps' section that will give direct links to information from the Local Authority that they reside in as well as information from other agencies.
